THE INCONSISTENT SEX.
She will go to the stake a martyr
And a wordy war will wage;
Will fight forsooth for right and truth—
Then lie about her age.
She will face a coming army,
A flood or burning house,
Without a quiver or cry or shiver—
And faint at the sight of a mouse.
She will laugh in the eyes of danger,
Like the finest heroine,
And lie awake her heart to break
O'er something worth a pin.
She will meet misfortune grandly—
Death, sickness and all of that—
And then will lie all day and cry
Like a child o'er a ruined hat.

JUDGED by the dimensions of many that are seen at the seashore, the advertised price of \$2 for bathing suits is outrageously high—as well as the suits themselves.

THE Republicans' hardware candidate has a hard row to hoe, but from the nature of his business he should be well supplied with hoes.—Cynthiana Democrat.

That's the worst we ever saw. Where did you hatchet?

FRENCH astrologists are telling us that this is going to be a very unlucky year, because in no fewer than three cases the 13th of a month falls on a Friday, and last year, when the calamity only happened once, we had the eruption of Mount Pelee as a perfectly obvious consequence. It may be set down as an absolute fact that the French seers are correct, and that next November will be an unlucky time for Kentucky Democrats, the 13th of that month falling on Friday.

"SAVOYARD," writing to The Louisville Post from Washington, says there never was so fortunate a party as the Republican party. It is nearly fifty years old, has been the dominant political force nearly all that time, and never had but five hotly contested National Conventions—1860, 1876, 1880, 1884 and 1888. In 1864, 1868, 1872, 1892, 1896 and 1900 the Conventions were mere formalities, and but a single ballot for President. LINCOLN the second time, GRANT both times, HARRISON the second time and MCKINLEY both times were nominated without serious contests. And in 1904 there will be no opposition. ROOSEVELT will be nominated by acclaim. There is luck for you. And the writer might have added that these things show plainly the confidence of the "great common people" in the G. O. P.

THE St. Louis Globe-Democrat says that the territories are preparing to make some of the states look like has-beens at the World's Fair. Wonder if this means Kentucky?

If President ROOSEVELT insists on insisting that the Labor Unions of Washington City shall not override the laws and run the Departments, he will undoubtedly incur the displeasure of the Walking Delegates.

It looks very much like there would be a mixup in the big Government Printing office at Washington between President ROOSEVELT, the Civil Service Commission and the Typographical Union. As already stated in these columns, the Bookbinders Union expelled from its membership a man named MILLER, following it with a demand upon the Public Printer for his removal from his position in the Government Printing office. The discharged man laid the matter before the Civil Service Commission, which at once ordered his reinstatement, and the President sided with the Commission. Now comes the Typographical Union and threatens a "sympathetic strike" because of MILLER's reinstatement. And along comes President ROOSEVELT with threat No. 2, notifying the Walking Delegates that a strike will mean the immediate introduction of type-setting machines in the big plant. Whether the machines will be introduced in case the proposed strike is called off has not been determined, but it is certain that if the men do go out they can never get back, and the last stronghold of the hand compositor will be invaded by the machines of iron and steel. It is estimated that fully three-fourths of the compositors now employed in the office could be dispensed with if the machines were used.

JUST WHAT'S NEEDED.

Louisville Herald.

There is going to be a reaction, says Justice Brewer of the Supreme Court of the United States, against the atrocious crimes with which the papers have been filled. This reaction, in so far as Kentucky is concerned, should set in in the determination of the people to give the state an administration which will see the laws enforced, crime punished, order maintained and justice vindicated.

CAREX STRICTA!

A WONDERFUL FREAK OF NATURE!

Now Being Utilized for Furniture.

Minnie Furniture is now being made from American Wire Grass, which is recognized by botanists as "Carex Stricta," and differs from all other grasses, in that it has a solid stem without joints, without lateral leaves and without mineral substances, which keeps wire grass pithy and tough and preserves its pliability indefinitely. Minnie Chairs, Divans, Tables and Clothes Hampers are made of Wire Grass, beautifully braided into artistic designs very pleasing to the eye.

"Beauty is Only Skin Deep!"

Is an old saying, but in this case UNTRUE. The beauty of Grass Furniture is that it is so durable Grass Furniture is indestructible. Once bought, Grass Furniture can be willed to your posterity upon your demise. Minnie's superiority is admitted in every neighborhood that she visits.

Familiarity With Minnie Furniture Does Not Breed Contempt.

A large, comfortable arm chair made from Wire Grass is so pliable that it just fits the possessor, and fits better each year, and as the years roll by this old acquaintance becomes dearer.

If There is Anything Prettier Than GRASS FURNITURE We Have Never Seen It!

Minnie Furniture is up-to-date, just what you see in your Eastern cousin's home.

NERVOUS HEADACHE

BREEDS INSANITY.

Many a person's whole pleasure in life is ruined by the fear of nervous headaches. Any little excitement, no matter what, business or social brings them on. The feet and hands grow cold, the head is hot, the eyes stiff, the temples throb, and only in the quiet of a darkened room is relief obtained. This condition must be checked or it means complete mental ruin. To those people Dr. A. W. Chase's Nerve Pills come as a blessing. They do not stop, they cure the headaches. They do not blanket, they build up. They put the nervous system in a strong, vigorous, sturdy condition—a condition that gives one resistive power and enables them to again enjoy life's pleasures.

Mrs. Minnie Aikman, No. 218 Lee street, Maysville, Ky., says: "I have been bothered for a long time with pains in the region of my head and with racking nervous headaches. I was advised to try Dr. A. W. Chase's Nerve Pills and I got a box at Cheno-weth's Drugstore and now I am happy to say that the heart pains and headaches are completely cured. I cannot speak too highly of these pills as they are an excellent medicine in every particular."

BARRETT—VAN HART.

Mr. Albert S. Barrett, aged 46, merchant, and Miss Emma Van Hart, aged 42, both of Cincinnati, were married Saturday afternoon at the New Central, the Rev. Dr. Charles F. Evans of the First M. E. Church, South, officiating.

REV. ROBERT H. TOLLE.

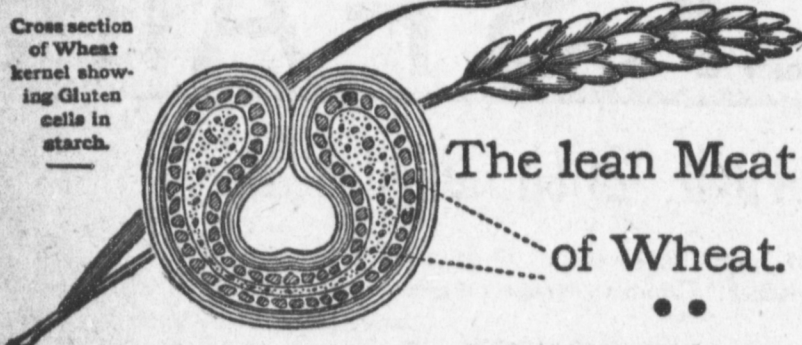

Rising Young Minister of This City to Go to Tennessee.

Rev. Robert H. Tolle, fresh from the Southern Baptist Theological Seminary, Louisville, is spending a short vacation here with his parents, Mr. and Mrs. William A. Tolle of the East End.

This young Minister has accepted a call from the Baptist Church at St. Elmo, Chattanooga, Tenn., and will leave for his new field of labor in the Lord's vineyard Friday of this week.

Rev. Tolle is a protege of the First Baptist Church of this city, and is a worthy representative of a number for whom the Church has stood sponsor. His first charge was the Stonelick Church, where he remained six years, and then five years with the Dover Baptist Church. His Ministerial work in both charges was of an eminent character. The growth of membership, mission spirit and increase of contributions were most gratifying to the followers and friends of the young Divine.

Here where he was born and raised it is most pleasing to note his rise in his chosen calling. To those who know him not we can commend him as one worthy of your love and confidence, fully believing he will in no manner betray the trust imposed. We send him forth with confidence and hope of his doing much good for the Master, and with best wishes for his success in every relation of life.

The lean Meat
of Wheat.

GLUTEN—is the prime muscle-making constituent of Wheat, and its flavoring principle.

Indiana Wheat is richest in Gluten, yet 60 per cent of even that best wheat is,—Starch.

Starch is a mere fat-former,—heating in Summer,—dyspeptic,—and a poor strength food.

PRESTO quick-flour is rich in Gluten, with only a low percentage of Starch, and is milled down to such unusual fineness, and uniformity, that it works into pastry twice as quickly, and twice as evenly, as other flours.

Because of this uniform fineness its tiny particles are promptly penetrated, and digested, by the Gastric juices of the stomach, being thus converted into strength long before ordinary flour starts conversion into fat.

Not six per cent. of American flour is equal to PRESTO in nutrition, flavor, and "keeping" qualities.

Yet Cake, or Pastry, made from it costs a trifle less than from common flour—as comparative recipes prove.

PRESTO needs no Baking Powder, and much less than other flours, of that costly and indigestible thing—"shortening."

Note relative costs in next ad.

Ruggles Campmeeting.

RUGGLES CAMPGROUNDS, July 25th.
Special to Public Ledger.

Ruggles Campmeeting has opened in real earnest. Never in the history of the Association has the spirit of God been more manifest. In every service the children's meeting, the sunrise prayer-meetings and all the other services have been well attended and the people come away filled with delight. The weather has also been in our favor, a cool, refreshing breeze prevailing nearly the whole day, and the nights have simply been grand—just cool enough to make a blanket necessary and to make one sleep sound and well.

The fact that a large number have been here for a week before the meeting, and are now saying that they would like to stay for the summer, gives evidence enough that this is the place for our Maysville people to come to if they want a little rest and get good to both body and soul.

The Sabbath opened most delightfully, and the people began to come in large numbers as early as 8 o'clock, and we soon had a much larger number than we had on the first Sunday of last year, and when the 10 o'clock service began Dr. Blodgett had a Tabernacle filled with anxious hearers. He took for his text Romans, vi., 23, "For the wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord;" and while he spoke the immense congregation was spellbound. They listened with intense interest, and at its close people went away declaring they would like to have listened longer, although it was then past the dinner hour. It was a grand sermon and went home to every heart. The same could be said of the Doctor's sermon of Saturday night, from Romans viii., 15-16, "The spirit itself beareth witness with our spirit that we are the children of God."

Rev. E. S. Dunham, the Evangelist, has been preaching every afternoon at 3 o'clock and again at 7:30. His sermons are full of earnestness and spirit, and both the Preachers and the people are delighted and greatly profited by them, and results are sure to follow. He will be with us through the entire meeting and I trust many more of our Maysville people besides those already here will get to hear this Evangelist.

There are people here from Chicago, Cincinnati and other cities and from upper counties of Greenup, Boyd and Carter, so that the good of this now well established Campmeeting we trust will be felt in many parts of this and other states.

It is a perfect delight to every one coming here to note the good behavior—not a thing to disturb anyone. It is so quiet and peaceful that it makes our police force look as if they were unnecessary.

Mrs. Dora Brock announces her intention of going into the Courts, if necessary, to enforce her claim to the bequests provided for her in the will of General Cassius M. Clay.

"COUNTY SERVICE"

Effort Now Being Made to Establish It in Old Mason.

After earnest efforts in that direction for the past two years, Hon. James N. Kehoe is about to succeed in having the Rural Free Delivery extended to all parts of Mason county.

This week a special representative of the Postoffice Department will go over every turnpike road, with the view of establishing mail delivery daily between all points and to all persons residing along those lines.

This is known as the "County Service." For instance, if a route is established from Washington via Murphysville and Shannon to Sardis, and then back to Needmore, Peed and Mayslick to Washington, it will be necessary for residents along the route to put up boxes in order to secure the service.

The idea is, that if the people themselves do not want this great convenience, and if they will not contribute as much as the expense of a box to get it, Uncle Sam doesn't feel called upon to furnish it.

It should be borne in mind that this is independent of the present Rural Free Delivery now leaving this city, although the schedule of some or all of these routes may be changed to better accommodate the proposed County Service.

Frank H. Wright has been appointed Rural Carrier at the local Postoffice, with Charles F. Wright substitute.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when promptly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by J. Jas. Wood & Son, Druggists.

Her steering gear, which was put on her originally, did not work, and one which is of Cincinnati manufacture was substituted.

The river pilots are preparing to call to the attention of the Government the fact that the contractors working on Dam No. 2 at Merri-man have been dumping gravel into the pockets at the head of Hayes Dam. This gravel, the pilots aver, will prove a serious obstruction to navigation, because boats going up there with heavy tows will have no place to go to in order to get out of the way of down-stream craft.

It is worth considerable to any citizen of Maysville to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itches of the skin—for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

Mr. J. C. Gabby of 925 East Second street says:

"For many years I suffered severely from itching hemorrhoids. I bought every remedy I heard of, but do what I might the trouble grew worse instead of better. It was particularly aggravating after I retired and I lost much sleep because of the intense itching. I had the good fortune to learn of Doan's Ointment, and I bought a box at J. Jas. Wood & Son's Drugstore. The wonderful relief I obtained from its use was almost beyond belief. I soon felt that I was cured. I continued the treatment for a time, however, to make assurance doubly sure."

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy I seldom need it, as it has cured Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

Very Remarkable Cure of Diarrhoea.

"About 6 years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Boque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by J. Jas. Wood & Son, Druggists.
